

LegsUp™

OTTOMAN

The super-comfy ottoman that elevates and soothes aching legs, enhances circulation.

Unique patented multi-contour and variable-height design ensures that all physiques are catered for, and any height chair or sofa accommodated.

- Elevates legs to relieve vascular drainage; subdues swelling.
- Diminishes load on the heart through gravity assistance to circulation.
- Even weight distribution means no pressure on heels and knee joints.
- Conforms to accepted postural design criteria.
- Available in soft hard-wearing Dura-Fab™ fabric cover
- or in smart easy clean leather-look quality vinyl.

6 user options:

Recommended for varicose veins, swollen feet and ankles, 'tired' legs, during pregnancy, convalescing, heart conditions, or just plain relaxing!
