

Ocean Ergo

MODULAR PERSONAL CARE SOLUTIONS

SAFE | INDEPENDENT | ERGONOMIC

Yes, you can.®

AQUATEC®

Customer insight-led design to enhance independence, safety and flexibility.

Personal care is highly private activity and is an important part of a person's life and wellbeing.

The Aquatec Ocean Ergo Family of shower chair commodes have been designed with user comfort, independence and dignity in mind. Based on the well established Aquatec Ocean range, the Ocean Ergo family comes packed with a range of new features, designed to make personal care activities easier for both the user and carer.

Safety, independence and dignity

A newly contoured seat surface has been developed to encourage a more upright and stable seating position, promoting user independence and overall comfort. Enhanced stability at the front of the base allows for a smaller footprint and offers users added safety and reassurance when seated in the chair. Furthermore, the optimised wheelbase makes it even easier for a carer to manoeuvre the chair in small spaces as well as allowing for a better fit over standard toilets for independent toileting.

Modular and flexible design

The modular design of the Ocean Ergo family means that the chairs can be adapted to suit a wide range of user needs by making some simple adjustments, or by adding some of our easy to fit, off-the-shelf accessories.

Tilt in space models

Ocean Ergo VIP and Ocean Ergo Dual VIP both have a -5-40° seat tilt angle with a smart weight shift mechanism that ensures optimal stability on a small footprint, whilst the Ocean Dual VIP has an additional backrest recline of 5°-35°

Features

GREATER ADAPTABILITY

With an increased height adjustment range on the footrests and armrests.

COMPACT AND EASY TO HANDLE

Optimised wheel base makes it easy to manoeuvre in small spaces.

INNOVATIVE ERGONOMIC SEAT

Insight-led design encourages a more upright seating position for enhanced independence and comfort.

OTHER features include:

- Stable, stainless steel frame
- Machine washable, tension adjustable back with quick-release buckles
- Easy disassembly for transportation and storage

EXTREMELY STABLE

Enhanced stability at the front for additional safety and reassurance.

Highly configurable

Available with a extensive range of positioning, safety, toileting and seating accessories that can be used to support a wide range of conditions and postural needs.

See pages 5 and 6 for full range of accessories.
